## "AU REVOIR" . . .

(but not "goodbye")

## . . . FOR THE "DURATION"

It can no longer be "Business as Usual." Every effort, every bit of manpower, every possible production is being extended to win this war. "Luxuries" are definitely out-of-style, even unpatriotic. Today the only important consideration is a speedy and decisive victory over the most barbarous and treacherous foes that ever threatened our peace and security.

Regretfully, therefore, we find it necessary to discontinue publication of The County NewsTeller "for the duration." We say "regretfully" because we have enjoyed editing and publishing this intimate little magazine as much as we hope you have enjoyed receiving and reading it. Born in October, 1938, its 35 issues have been read by thousands.

But, under war circumstances, it must be classed as a "luxury," temporarily sacrificed because of the exigencies of production for victory. We feel that you regret with us that we must suspend publication to help strengthen our country's war effort, for that is what this leave-taking amounts to.

For example, The NewsTeller uses a

considerable amount of white, coated paper—and many of the materials and chemicals employed in the making of paper are needed in production for war. Ink, electricity, manpower are also required—which can be converted to more urgent production requirements.

Furthermore, some of the men who publish and print The NewsTeller will soon be serving in the armed forces. One printer already has been called and it is quite likely that within the next few months several others, including executives, will be in service.

So—like your many friends and acquaintances who have joined the forces, bowing to the inevitable necessities of war—so does The NewsTeller bow to needs of wartime production. And, like your friends in the service, The NewsTeller also hopes to come back to you after America's mighty task is done—and that task is simply WINNING THE WAR!

Until then The NewsTeller says "au revoir" but not "goodbye," grateful for the friendship it has established between us and hopeful that our parting will not be for long.

## Assessor Issues Facts

### Preston Official Puts Out Interesting Little Booklet

Because "it is my thought you will appreciate having in detail these figures of your county," C. E. Gustkey, assessor of Preston county, has issued a pamphlet giving facts & figures on the 1941 valuations of real estate and personal property.

The attractive booklet gives complete information about facts & figures required for assessment. It shows, for example, that the county's total valuation is \$22,960,790. It gives the levy rates, shows that public utilities paid \$130,000 in taxes, real estate owners \$127,000 and personal property owners \$46,000.

Notations from the assessor's manual are included.

## Good Progress On Certification

### Auditor's Office Has Special Crew Working

Certifications to the 55 counties for reports of State Commissioner of Forfeited and Delinquent Lands will be made shortly, according to a letter received March 3 from G. W. S. Grove, chief clerk of the land department.

Answering a C. & H. inquiry, Mr. Grove wrote as follows:

"I have your letter of Feb. 20 relative to reports of State Commissioner of Forfeited and Delinquent Lands, you advising that you had sold binders in several of the counties for these reports and would not release them until thirty days before the certifications are made by this office, and asked us to advise you therein.

"We are not in position to say definitely when any particular county will be certified. I can advise you that we have a special

## Scene at Clerks' Meeting

Here is one view of the meeting of County Clerks and the Election Commission held at Spencer Jan. 23. A sharp eye will pick out, left to right, such celebrities as:

O. H. Carson, clerk of Boone county; Moody Kincaid, clerk of the Pocahontas county court; Walter Hendricks, deputy clerk of Boone county; A. M. Brown, Putnam county clerk; "Red" Rodgers, deputy clerk McDowell county; Kenna Clark, Marion county clerk; George Harmon, Wetzel county clerk; Allen Cutright, Upshur county clerk; R. E. Stewart, Hampshire county clerk; Don S. Renn, McDowell county clerk; Arnold Broyles, Monroe county clerk; Earl S. Wolfe, Jr., Wood county clerk; Mrs. Charles Herold, wife of the Webster county clerk; Olin V. Wilson, Ritchie county clerk; A. R. Martin, Monongalia county clerk; Howard Wilson, circuit clerk Clay County.

crew working on this and it is making good progress. A couple of the counties have been completed so far as abstracting is concerned. However, the abstracts have not been transferred to the certification forms, which will take additional time. It seems to me that the county officials should realize the enormous amount of work connected with these certifications and should not be over-anxious. We expect, if humanly possible, to comply with the law and make the certifications in each county, as is required during the present year, and our idea is to take the counties alphabetically, but we do not think it would be a good policy to certify one or two counties and

then perhaps not be able to make a further certification for a couple of months. The Land Department feels that when this certification is commenced that it should be continuous and we are working with that view in mind.

"Very truly yours,  
"G. W. S. Grove,  
"Chief Clerk,  
"Land Department."

### Grand-daughter Born

Assessor Jason Taylor of Roane county is strutting his stuff these days, proud of a 9½-pound grand-daughter presented him by his daughter, Mrs. Clair Barrickman.

The baby has been named Shirley Ann Barrickman.

## Election Calendar Not Yet Prepared

### All Dates Have Not Been Set, Secretary of State Reports

Casto & Harris' biennial ELECTION CALENDAR cannot yet be released this year because official dates on which some actions are to be taken have not been set by administrative order, according to a letter recently received from William S. O'Brien, secretary of state.

Usually this calendar is published around the first of each election year, and already hundreds of requests for same have been received.

NewsTeller readers can rest assured that as soon as the Secretary of State provides all dates that this calendar will be printed and mailed out free to all county officials and other interested parties. The calendar shows important dates to be observed with respect to the elections coming up in 1942.

Mr. O'Brien's letter is reproduced as follows:

"Dear Sir:

"In reply to your letter of February 4th, you are advised that the 1942 Election Calendar cannot be compiled until the official dates on which some actions are to be taken have been set by administrative order.

I do not think you would be safe in using the dates that correspond to the off-year election of 1938 as changes have been made in the law which alters some of the dates.

"Very truly yours,  
"Wm. S. O'Brien,  
"D. Pitt O'Brien."

### Back on Job

Mrs. Ruth McQueen, secretary to James Creasy, Nicholas county superintendent of schools, has resumed her duties after an extended illness. For some time she was a patient at the Sacred Heart hospital at Richwood.

## We Thank You

The NewsTeller extends its thanks to Minnie Kendall Lowther, whose "Notes and Comments" column is one of the most widely read features of the Parkersburg News, for the following kind words recently printed in her column:

"The October-November issue of 'The County Newsteller,' a monthly magazine dedicated to the county and school officials of West Virginia, Volume 4, has come under our notice, and it makes a favorable impression. It is published by Casto and Harris, specialists in county and school record books, at Spencer, and should fill quite a niche in the affairs of the state. It seems that it is in the midst of presenting, as a frontpiece, the courthouses of West Virginia, and thirty of the fifty-five have already appeared. This issue contains a very nice picture of the courthouse of Hancock county, at New Cumberland. Inside it also has another nice view of this beautiful, vine-covered building. It contains news of the gatherings of these officials in conventions, notes of marriages, births, etc., of employees of courthouses. The picture of the staff of the county clerk's office in Kanawha, at a Hallowe'en party at the Kanawha hotel, Charleston, is one of its illustrations. Then we note that our neighbor, Superintendent of Schools L. F. Rosenlieb, of Pleasants county, has removed his office, from the courthouse to the high school, at St. Marys where he has nice quarters. The office of the Wirt County Board of Education, too, has been removed from the courthouse to property of its own on the high school campus. John Yeager of the Wood county court is also mentioned as recovering from his recent illness. Brooke county has just finished a new addition to its courthouse, which will house the offices of the county treasurer, sheriff and deputy, assessor, D. P. A., county health

department, the state police, and the jail. The county court of Berkeley is nominated as the youngest and the best-looking. Their total ages reach 105 years. So in all the magazine is not only well presented, but is extremely interesting."

### JUSTIFICATION

The horse and mule live 30 years and nothing know of wines and beers;  
 The goat and sheep at 20 die And never taste of Scotch or rye;  
 The cow drinks water by the ton And at 18 is mostly done;  
 The dog at 15 cashes in Without the aid of rum or gin;  
 The cat in milk and water soaks And then in 12 short years it croaks;  
 The modest, sober, bone-dry hen Lays eggs for nogs, then dies at 10;  
**ALL ANIMALS** are strictly dry, They sinless live and swiftly die;  
 But sinful, ginful, rum-soaked **MEN**  
 Survive for threescore years and ten!

## Here Comes The Assessor Man

Look Mandy, there comes the assessor-man!  
 Hide them dogs as quick as you can,  
 Tie them back in that deep ravine  
 So he won't be able to hear them whine.  
 Drive all the stock from the front of the hill  
 And throw a canvas over that still,  
 Roll the Packard into the shed  
 And drive that Model "T" out instead.  
 Push that new furniture out of sight,  
 Bring out them chairs that look a fright,  
 Put the frigidaire behind the door,  
 Cover the rug on the living room floor.  
 Take them diamonds off your finger,  
 Hide the washer and the wringer,  
 Put this gold watch in the hall  
 And bring me out my Ingersoll.  
 We're poor, by heck, I'll tell that man,  
 Ain't got nothin' but a little land.  
 Mandy, gal, get out of sight,  
 Them gold teeth reflect too much light.

—James Johnson, Office Deputy,  
 Mason County.

### BEST OF ALL

A story we always liked has to do with the fellow who opened a little eating place between two other restaurants. Across the front of one was a banner reading: **THE BEST FOOD IN AMERICA**. The sign on the second restaurant proclaimed: **THE BEST FOOD IN THE WORLD**. The newcomer hung up a modest shingle which read: **THE BEST FOOD IN THIS NEIGHBORHOOD**.

### FIGURE IT OUT

Write down your house number.  
 Double it.  
 Add five.  
 Multiply by fifty.  
 Add your age. (Don't cheat.)  
 Add 365.  
 Subtract 615.  
 In the result, you will find that your house number is to the left and your age to the right.

 Note: We didn't believe it, either!

### BREAKS BACK BUT NOW BACK ON JOB

You can't keep a good man down. Last fall Van Hunter, clerk of the Raleigh county circuit court, was picking chestnuts. He fell out of a tree, cracking several vertebrae in his back.

But he wasn't down long! Now he's back at work, as well as ever.

Incidentally, Clerk Hunter reports that good chestnuts were plentiful in Raleigh county this past season.

## Permanent Registration Commission Officials

Shown above, at the Spencer meeting in January, are officials of the Permanent Registration Commission and three county clerks of West Virginia, conferring after the regular business session.

Left to right, front row: D. Pitt O'Brien, Chief Clerk to the Secretary of State and deputy chief registration official; W. Harold Lewis, election clerk

and secretary of the State Election Commission; Dr. Julius Cohen, chairman of the State Election Commission; R. E. Stewart, clerk of the Hampshire county court; Paul E. Wehrle, clerk of the Kanawha county court; and Harry Anderson, clerk of the Raleigh county court and president of the West Virginia County & Circuit Clerks' association.

### "Pat" Takes Ride

The boys (and girls) are still laughing about the railroad trip made by "Pat" Doyle, clerk of the Board of Commissioners of Ohio County, when he came to Spencer Jan. 23 for the Permanent Registration Committee meeting.

"Pat", living in a railroad town, never stopped to think that railway facilities are not the same all over the state. So on Thursday morning around 9 o'clock he boarded a train with a through ticket to Spencer. He arrived in Parkersburg, sat around some time, boarded another train for

Spencer. But at Ravenswood he had to change trains, wait several hours. Finally at 6:30 p. m. he pulled into Spencer, the only passenger on the train!

P. S.—It took him nearly 10 hours to travel from Wheeling to Spencer. It takes three hours via auto. Is his face red?

### Big Instrument

A legal instrument requiring 326 pages for recording was received at the office of J. O. Bleigh, Lewis county, recently. It covered a Hope Natural Gas Co. deep well pool agreement.

Mr. Bleigh had the instrument photo-copied, saving much time and eliminating chance of error. The office received \$204 in fees to

cover recording and the photocopy work cost \$144.

### ANY SECOND-HAND OFFICE EQUIPMENT?

Now that it is almost impossible to buy new steel files, roller shelves, desks, chairs, etc., there is a ready market for second-hand items of this type.

If any Newstaller reader knows of any such items stored at the Court House or unused, drop us a line and we'll try to dispose of these items.

### Former Sheriff Dies

Samuel J. Jasper, 67, former sheriff of Fayette county, died Feb. 20 after a two weeks illness of heart trouble.
